Updates

Patrick-Do you know what product was released with the collapse listed below?

Friday 22 March 2019

12:45PM City of Deer Park

The community is advised that at approximately 12:15PM, the dike wall at Intercontinental Terminals Company (ITC) Deer Park containing the product released during the recent fire event partially collapsed.

As a result, ITC sent out a Shelter-in-Place notification to industrial neighbors and the San Jacinto Texas State Historic Site.

At this time, the City of Deer Park is not ordering a Shelter-in-Place for the city limits but will provide additional information as it becomes available.
